SUBJECT: AIBA calls for Justice against Sport Intern

Dear Colleagues and Friends,

As you would no doubt be aware, the political opponents of AIBA have for some time used and manipulated Sport Intern as a mouth-piece for their propaganda and false accusations against AIBA and its leaders. For too long, these corrupt individuals have abused the services of Sport Intern as an outlet for spreading gossip, malicious rumors and manipulated facts, while cravenly hiding in the shadows to avoid the consequences of their actions.

This practice must no longer be tolerated. I am determined to seek justice for AIBA against Sport Intern and its hidden operators, and I would seek your utmost support and commitment to this process. We must identify those people who are acting constantly against our common interests, in pursuit of their own nefarious goals, and we must banish them from the Olympic movement.

If you have any information you wish to share in this regard, then please contact AIBA in the utmost confidence.

If we act together, we will defeat these opponents for the benefit of the global boxing family and the Olympic movement as a whole. I am committed to achieving this goal, and I would humbly ask for your support along this path.

With warmest regards,
