**DATE:** March 11, 2010

**SUBJECT:** Guidelines of WSB Referees & Judges

Dear Presidents, Secretaries Generals, Chairmen of National R&J Commissions and all AIBA R&Js,

AIBA and WSB are pleased to provide the attached information related to the WSB Referees & Judges. As all of you are well aware, AIBA will launch the World Series of Boxing (WSB) starting from December, 2010.

In this regard, although over 25 AIBA 3 Star R&Js have already signed to become WSB R&Js, I would like to encourage you to read thoroughly the attached information in order to consider participating to this important AIBA project. In addition, in order to maximize the experience and skills that will be earned from a participation in WSB, I have also decided that the selection priority of R&Js for AIBA's major events including the Olympic Games would be R&Js having participating in the WSB.

I sincerely trust that the success of WSB will greatly contribute to the success of all AIBA programs in the future and would like to ask you to participate in the WSB.

Best personal regards,
