## **Closing of Congress**

# Closing of Congress

We have now completed all points on the agenda and we are ready to close this Congress.

It has been a great gathering today as we have now closed one chapter in the history of our organization and will open a clean and new chapter to write.

I deeply appreciate your participation and demonstration of your care, love and passion for our sport and organization.

Today, we welcome a new great leader in AIBA. Under his leadership from now on, I believe that our future will be enlightened. We should never lose the golden opportunity to work closely together to build the most respectful International Federation in the Olympic and International Sports Movement.
